## DESTROYED THE ENTIRE TOWN

**Tornado at Snyder, Okl.,  
Claimed a Hundred  
Lives.**

**Beside Those Killed Outright the  
List of Seriously Injured is  
a Long One.**

Guthrie, Okla., May 12.—The death list of the tornado at Snyder is expected to exceed 100. Ninety-five bodies have been recovered; a dozen persons are missing and given up for dead, and of the forty-one seriously wounded seven are fatally hurt. More than 100 others suffered less severe injuries.

Relief is being sent from neighboring towns. From Oklahoma City went 100 men to dig graves and seek the dead still in the ruins and also a dozen undertakers with 100 coffins. Offers of financial assistance have come from numerous cities. Governor Ferguson of Oklahoma has issued a proclamation calling attention to the needs of the stricken town.

To add to the general confusion and distress, after the tornado had passed fire broke out and burned up all that remained of the buildings on one of the business blocks. So far it has not been possible to find out whether or not any bodies were cremated, but it is highly possible that such was the case.

An unidentified woman was picked up dead, having been pinioned to the ground by a scantling which entered her left eye and came out through the back of her head. Clarence Donovan, a railroad engineer, and Miss Nina Fessenden were to have been married Wednesday night, but had postponed the nuptials until Thursday. Both were instantly killed. Fred Crump, a boy, had started to a cellar when a flying timber struck him and severed his head from his body.

Debris was carried to the northeast as far as Coperton, twelve miles, and it is reported that there are more of the fragments of homes at that town and in that vicinity than are in the tornado's path at Snyder. About seventy-five head of horses and cattle were killed on the townsite.

## DOINGS IN THE CIRCUIT COURT

**Judgment in Carr-Dameron  
Case—Wills Divorce Case  
Under Advisement.**

In the circuit court today Owen L. Carr was given judgment against William Dameron for \$1363.08 as per decree. The case grew out of a former partnership between the two men.

The divorce case of Minnie Wills vs. Henry Wills was heard but was taken under advisement by the court.

In the case of Harkless Ogle vs. Martin Ogle, a partition suit a decree was entered and the real estate was ordered sold. Luther F. Symons was appointed as commissioner and filed his bond of \$18,000.

In the case of Havens Hilligoss vs. Arthur J. Gates, administrator, an allowance of \$1500 was made in favor of the plaintiff.

### BY THE WAYSIDE

A newly married couple on a train from New York to Washington were much disturbed by the remarks of the passengers. The bride and groom stood the remarks some time, but finally the latter, a man of tremendous size, broke out in the following language: "Yes, we're married—just married. We are going 100 miles farther and are going to spoon all the way. If you don't like it you can get off the train and walk. She's my violet and I'm her sheltering oak." During the remainder of the journey the violet and sheltering oak enjoyed nothing but perfect peace.

## LONG SENTENCE

**May be Given to a Person Car-  
rying Concealed Wea-  
pons.**

More new law has been discovered. When a person is arrested the third time on the charge of carrying concealed weapons he may be sent to the State Prison for an indeterminate sentence. This discovery was made by a local official recently while reading up on the law regarding the carrying concealed weapons. The law also states that all weapons found on persons searched or prisoners arrested shall be destroyed. Heretofore many weapons have found their way into police stations, some of them have been kept there on exhibition and others have found their way back to their original owners, but hereafter they will all be destroyed.

## ART EXHIBIT BY SCHOOL CHILDREN

**Some Excellent Pieces of Work  
at the Court House—Public  
Should See them.**

An art exhibit of the work done by the grades in the city schools was held today and will be continued tomorrow at Superintendent Headlee's office at the court house. The work this year shows a decided improvement upon that of the preceding exhibits, although they too were very good. Even in the work done by the first and second grades, some splendid water color and crayon work is shown. The third grade has in its display a doll house, made and furnished completely by the children of this grade. They designed the wall paper of the various rooms, made the curtains, furniture and rugs, and painted the pictures, framed them in raphia. It is certainly a unique bit of work and deserves much praise for its successful completion. A case of raphia work done by the several grades is worthy of notice. Out of raphia the children have made some beautiful baskets and ornaments, which bespeak both the cleverness of the teacher's art and the energy and carefulness of the children in their work. The work from the various grades in water color, charcoal, book and magazine cover designing, sewing, paper cutting and pasting, penmanship, manuscript work and clay modeling is very good indeed.

There is also in the exhibit some of the work done by Miss Coleman's private pupils, Misses Rita Johnson and Mary Neutzenhelzer and John Carr and Hugo Moffett. This work is pastel and water color, and is worthy of the highest commendation. It shows not only the talent and success of the students but the remarkable ability and good taste of the teacher, Miss Coleman is indeed highly honored by the whole display, for it is splendid and deserves the highest praise.

## GOWDY TO LIVE IN INDIANAPOLIS

**Louis Ludlow Comes Out With  
Another of His Absurd  
Statements.**

Louis Ludlow, the Washington correspondent of the Indianapolis Star says: "Close friends of John K. Gowdy, Consul-General at Paris, state that he probably will make Indianapolis his home when he returns to Indiana. They understand that he has no intention of retiring to private life, but that he expects to remain a political factor. It is said that Mrs. Gowdy and Miss Gowdy would like to live in Indianapolis, and that 'Uncle Jack' is not averse to the arrangement, as it would give him better opportunities to engage in the game of politics than if he 'settled down' at Rushville."

## HEAVY RAINS SWELL WATERS

**Flatrock Overflows its Banks  
and Floods Surrounding  
Fields.**

**Ball Park is Under Two Feet of  
Water—Flood is Now  
Receding.**

The heavy rains of the past few days which fell both in this vicinity and to the north, swelled the waters of Flatrock yesterday until the banks were no longer able to confine the volume of water to the bed of the stream and it spread over the fields, covering acre after acre. The flood, however, is not as big as that of last year by a large margin, but it was big enough nevertheless to do some damage and cause considerable inconvenience to farmers living along the river bottoms.

The rain stopped about eleven o'clock last night, but the water continued to rise at the rate of six inches per hour until 11:30 this morning, when it reached its limits and by 1 o'clock it was rapidly receding.

Beyond the fact that several fences were caught by the drift and washed away, we were unable to learn of any damage. The water spread through the ball park and the canvas fence in the southwest corner was carried away. In the vicinity of Gowdy considerable damage to fences is reported.

The deep channel recently made for Hodges' branch in the new addition kept the waters confined to the ditch, and there was no spread of water in that vicinity as is usually the case. The water spread over the fields northeast, east and south and southeast of the city to a depth of about two feet, but it is estimated that it will all be gone by Sunday.

## HIGH PRICE FOR TEAM OF HORSES

**A. P. Walker Gets \$3,000 for his  
Team of Bays at  
Chicago.**

A telegram received yesterday by Mrs. A. P. Walker from her husband who is attending the horse sale at Chicago, where he has entered several horses states that Mr. Walker's fine match team of bays sold Wednesday night for \$3000. This is certainly a flattering price for the team.

Mr. Walker purchased the horses at Aurora and brought them to his city, where they were put in condition for the sale. The team was driven about the streets quite often and never failed to attract notice. We were unable to learn who purchased the horses.

## BIG INCREASE IN BUSINESS

**Big Four Business in Rushville  
Causes Comment at  
Cincinnati.**

Traveling Auditor Porter of the Big Four was in this city today checking up the books at the Big Four depot. He was surprised at the increase shown both in the amount of freight handled and the amount of passenger traffic. While here he made the statement that the amount of business done in Rushville by the Big Four was causing favorable comment among the officials at Cincinnati, who are highly pleased with the road's showing. Rushville is considered one of the best stations on the Michigan division. Twelve way cars have been sent out of this city over the Big Four already this week.

## FROM THE FRONT

**The Reported Japanese Advance  
Was Not a Formidable  
Movement.**

Gunshu Pass, May 12.—The Japanese advance now appears to have been a feint to ascertain the strength of the Russian outposts, which have again been pushed forward on the left at Lafangoi, Erdahoi and Tougou and along the center line from Podysouzsche to Shihoua, where the Japanese attacked the Russians May 7 and 8 but were repulsed. The next day, in order to oust the Japs from the Shahetky mines from which their attack was organized, a column of cavalry supported by artillery moved forward under cover of the Russian guns and the mines were turned, the Japanese retiring first to Sinianzou and later to Madiopz, three miles south of Chantafu.

On the right flank the situation is unchanged. The Russian front resembles a crescent with the center resting on the railroad and the horns pointing south.

Prisoners say the new troops from Japan are old men and youths. They give the Japanese losses at Mukden as 12,355 killed and about 70,000 wounded. Oyama was at the front during the recent activity, making his headquarters at Chantafu.

## FARM RESIDENCE IS DESTROYED

**Residence of J. W. Gahimer  
Near Manilla Burns to  
the Ground.**

(Special to the Daily Republican.)

Manilla, Ind., May 12th.—The fine farm residence of John W. Gahimer, which was situated about one-quarter of a mile south of town, was burned to the ground last night about eleven o'clock.

Mr. Gahimer sounded the alarm by blowing the whistle in his saw mill and a great crowd of Manilla citizens turned out, and succeeded in saving a part of the household furnishings on the lower floor. The loss is fully covered by insurance. Mr. Gahimer reports that he will rebuild at once.

The cause of the fire is unknown and remains a mystery as natural gas was used for fuel and lights, and none was burning in the house at this time. This residence was formerly the home of the late John M. Haehl, and was one of the best constructed homes in this community.

## CHARTER GRANTED KNIGHTS TEMPLAR

**The Rushville Commandery Will  
be Instituted on May  
Twenty-fifth.**

The charter for Rushville Commandery Knights Templar, which lodge has been under dispensation for some time, was granted yesterday by Grand Commander Charles Goltra, of Crawfordsville. The charter gives the local commandery as No. 49. Rushville Commandery now has sixty-one paid up members.

The commandery will be constituted on the evening of May 25th. The officers of the Grand Commandery of the State will be present. A big time is anticipated and a banquet will be served. The Rushville Commandery bears the distinction of being the largest commandery which has ever been instituted in the State while under dispensation.

Sideshow Struck by Lightning.

Marietta, Ohio, May 12.—William Tullius of Lowell was killed by a stroke of lightning which struck a sideshow tent of the Wallace circus, and four others were injured.

## STATISTICS ON INTEMPERANCE

**Not a City in Indiana Without  
Saloons, But Many Towns  
are Cleaned.**

**Union City, Rensselaer and Rising  
Sun have Four Each. Many  
Facts of Interest.**

The saloons of this State last year, according to figures just secured from the bureau of state statistics, paid into the State's strong box \$1,333,175. Of this amount \$511,000 went to the school fund and \$822,175 to the city and town treasurers. The city licenses vary from \$10 to \$250. The State license is fixed at \$100.

There were a total of 5110 saloons in Indiana last year against 4835 in 1903. Of this number 3663 were in cities and 1447 in towns and townships.

There is not one city in the State without a saloon. Rensselaer, Rising Sun and Union City have four each and stand at the bottom in the number of saloons in cities.

However, there are 186 incorporated towns in the State that have no saloons.

Rushville has seventeen saloons—practically the same number it has had for several years. The Windsor bar, August Roth's saloon in Offutt's building on First street, James Barrett's and James McCormick's saloons on Second street, and the wholesale liquor house and saloon of Geo. E. Daniels on Main street, started by Emanuel Levy a few years ago, may be called late additions—and this shows an increase in the number of saloons in Rushville over several years ago.

Franklin, county seat of Johnson county, shows an increase in the number of saloons over 1903 of 100 per cent; Dunkirk shows the same increase; Clinton shows an increase of 50 per cent. East Chicago an increase of 47 per cent, and Linton an increase of 40 per cent.

Indianapolis had 628 saloons in 1903 and 673 in 1904; South end had 162 in 1903 and 175 in 1904.

Evansville despite of its bad reputation shows a decrease from 285 in 1903 to 274 in 1904, and Ft. Wayne a decrease from 213 in 1903 to 211 in 1904. These cities show decrease: Attica, Bedford, Columbia City, Columbus, Covington, Decatur, Elwood, Frankfort, Jeffersville, Martinsville, Montpelier, Muncie, New Albany, Portland, Veedersburg, Washington and Logansport.

By counties, Perry county shows an increase of 207 per cent; Sullivan county an increase of 120 per cent; Steuben county an increase of 100 per cent; Hancock an increase of 91 per cent; and Vermillion an increase of 85 per cent.

The counties which show a decrease are Crawford, 80 per cent; Benton 33 per cent; Cass 30 per cent and Newton 30 per cent.

Those are facts that temperance people and others want to know—they certainly show the strength and the weakness of the saloons in Indiana.

## BOY IS STUNNED BY LIGHTNING

**Another Bolt Kills a Colt for  
Charles Kennedy of Noble  
Township.**

The fourteen-year-old son of Mr. and Mrs. Charles Ricketts, of New Salem, was badly stunned yesterday evening about five o'clock by a bolt of lightning which struck nearby. He did not recover for some time.

Charles Kennedy, living near Pinhook church in Noble township, lost a valuable yearling colt last night as a result of a bolt of lightning striking the barn. The colt was killed outright, but other horses in the stable were uninjured.

## THE JUNK LAW

**Is a Good One—the People Say  
it Saves Boys From  
Stealing.**

The new law compelling junk dealers to have licenses and that one prohibiting boys from disposing of junk of various kinds, without a permit from their parents, has caused a cessation in the petty thieving about the city. It is claimed that the new law governing this is one of the best that has ever been passed in the State and prevents many boys from being led to steal. Heretofore there was a gang of boys around all cities and towns that would steal everything that was loose knowing that there was a junk dealer always ready to take it off their hands, and thus keep them supplied with spending money. Now this is all stopped and where a boy formerly stole everything he hoped around your premises that he thought could be classed as junk, you would now have a pretty hard time to get him to accept the same stuff as a gift.

## TWO MORE OIL LEASES FILED

**One Hundred and Seventy Acres  
More are Leased in Orange  
Township.**

Two more oil and gas leases were filed today with the county recorder. The leases were filed by T. N. Barnsdall, of Pittsburgh, through his attorney, W. B. Chapman, also of Pittsburgh, and call for eighty acres on the farm of Charles W. Lewis and ninety acres on the farm of Emily and Olive Makoolm. Both farms are located in Orange township.

The filing of these leases is interesting because five other oil leases lying in Orange township were recently filed by the same parties. No one is able to learn anything concerning this T. N. Barnsdall, either in Rush, Shelby or Decatur counties. It is believed that there is not such a man and that it is the Standard Oil company which is filing the leases.

The Standard Oil company is erecting thirteen oil derricks in Decatur county for the purpose of drilling test wells. Some developments or other in Rush county may be expected soon.

## WOMEN WILL HOLD AN INSTITUTE

**State Management Has Money  
and One Meeting Will be  
Held Here.**

The management of the State Agricultural Society has on hand a surplus fund consisting of money left over from the county institutes held last winter and is arranging for a series of summer institutes to be held in the best institute counties in the State. All of the institutes will be held by women and will be exclusively for their benefit. Rush county is considered one of the best institute counties in the State and a summer meeting of the women of this county will be held in this city early in June. The date has not yet been settled nor the program arranged. Mrs. L. B. Harris has the matter in hand. The ladies hope to secure the services of Mrs. Virginia C. Meredith, of Cambridge City and Mrs. Mathers, of Indianapolis, the instructor in scientific and economic cooking.

Cut Off His Enemy's Nose.

Terre Haute, Ind., May 12.—As the result of a quarrel of long standing James Dunbar, a grocer man, and George Zimmerman, living near Dunbar's premises in the north part of the city, engaged in a fierce fight. Zimmerman seized a hoe and with it cut off Dunbar's nose.

## RAILROADS UNFRIENDLY

**Big Four and Pennsylvania  
are Having Trouble About  
Sunday Excursions.**

**Attempt May be Made to Break  
Down an Old Agreement—  
Contest Predicted.**

The friction between the Pennsylvania and the Big Four concerning Sunday excursion business is increasing in bitterness. The Pennsylvania claims that the Big Four has broken an old agreement. The old agreement was that on one Sunday the Big Four should run from Indianapolis to Columbus and the Pennsylvania to Cleveland, alternating each week. Two years ago the Big Four began running excursions from Worthington to Cleveland on Sundays when they did not run through from Columbus, adopting the same plan which they used on the Cincinnati division between Indianapolis and Cincinnati, alternating with the C., H. & D. On the alternating Sunday, however, the Big Four ran a reduced rate excursion to Lawrenceburg, a few miles out from Cincinnati.

The Big Four and Pennsylvania have been pooling this business between Columbus and Cleveland for a long time. It is possible that the Big Four feels that this old agreement is a burden, and it may attempt to break down the pooling agreement which would mean war between the two roads.

## WILL BE BIG TIME FOR BROOKVILLE

**Program For Sunday's Gathering  
of Knights of Columbus in  
in that City.**

The many Knights of Columbus in this city will read with interest of the arrangements made for the installation of the lodge at Brookville Sunday, which are published as follows in the Brookville American:

The arrangements for the institution of the Knights of Columbus in this city Sunday are complete, with the possible exception of the train from Cincinnati which has not been contracted for.

Elegant embossed programs are being printed and all arrangements are being made to royally entertain the visiting members.

Sixty-five candidates will solve the mystery of knighthood, fifty of the local council, eight of Connersville council, one of Tipton, one of Rushville and five of Richmond.

Headquarters for candidates will be established at the Red Men's hall, and the work will be done at the Odd Fellow's hall. The candidates are to assemble at the Red Men's hall at 8 o'clock.

The first degree work will be performed by Connersville council; the second by Dr. T. P. P. Hart and Gym Maher, of Cincinnati council and Hon. W. H. Kelley, D. D., and staff of Richmond will exemplify the third degree.

In the evening there will be a post initiate lunch and social session at the city hall. Dr. James A. Averdick, of Covington, Ky., council will act as toastmaster.

Menzel, the late German painter, left about 500 drawings in black and colors. They are valued at \$250,000.

RUSHVILLE, IND., MAY 12, 1905.

A few days ago ex-Mayor Charles  
A. Bookwalter formally told a gathering  
of township assessors that he is a  
candidate for the Mayoralty nomination.

The people are waking up on municipal  
questions, and consequently  
in Philadelphia the ring has been  
seared out of a big gas steal by public  
indignation.

Within the last fifteen months the  
Senate has lost by death Hanna, Quay,  
Hoar, Bate, Hawley and Platt, of  
Connecticut, an unusually conspicuous  
as well as numerous list.

It is beginning to be believed that  
J. O. Graves, the Warsaw attorney,  
who told the public of a large amount  
of crooked work alleged to have  
been done by ex-township trustees  
over the State, is somewhat of a  
bluffer. He claimed to have had in-  
formation of bribes accepted by 500  
trustees in Indiana, but so far it ap-  
pears he has failed to convict anyone.

Jules Verne in his stories sought to  
anticipate science and "the long re-  
sults of time," and in not a few no-  
table instances he succeeded. His story  
of "Around the World in Eighty  
Days" seemed almost incredible a  
quarter of a century ago, but the fic-  
titious record no longer seems wonder-  
ful, now that the actual record has  
made eighty days rather slow going  
for the world encircler. His "Twenty  
Thousand Leagues Under the Sea" has  
also been realized in good part, and  
in many other cases facts have  
caught up to his fiction. Possibly  
they will yet catch up to some more,  
predicts the New York Tribune.

Indiana is certainly a pre-eminent  
State. With both chairmen of the  
national committees and vice presi-  
dent of the United States citizens of  
the Hoosier capital; with two Sena-

tors who are among the most influen-  
tial in the halls of congress, and a  
strong representation in the House;  
with a prospective candidate for the  
presidency who looms up largest of  
any in the field now, Indiana is second  
to none in the political world. Sec-  
retary Hay, who has placed this country  
ahead of all in diplomacy, was born  
near Salem in this State, and during  
his present absence in Europe the du-  
ties of that department will be carried  
out by another Indiana man, Solicitor  
W. L. Penfield, of Anderson. Robert  
S. Tracewell, controller of the treas-  
ury, a very important position, whom  
President Roosevelt announced he  
will continue indefinitely, is a citizen  
of Corydon, in the hills of Harrison  
county. To name all the Indiana men  
who are prominent in governmental  
affairs would make a long roll.

## HARMONIOUS ACTION Everything Lovely in Indianapolis Municipal Campaign.

Indianapolis, May 12.—Edwin Logsdon, chairman of the Republican city committee, announced today that the primaries for the reorganization for the coming municipal campaign will be held May 26 and the election of a new chairman and secretary the following day. The precinct committee-men will be elected by direct primary as provided for by law. They will decide whether the nomination of the ticket shall be by direct vote or convention. It is the general understanding that there shall be direct primaries, as all the candidates are in favor of them. Logsdon will retire as chairman, as he does not care to serve through another campaign. It is the understanding that Robert Metzger, ex-county sheriff, will be elected as his successor. There will be no row over the organization—at least it does not seem now that there will be. Chairman Logsdon will probably issue his official call for the primaries within a day or two, so no one may claim that he did not have due notice.

According to the report of State Statistician Joseph Stubbs there were 5,110 saloons in Indiana last year, an increase of 275 over 1903. There were 136 incorporated towns and two counties—Brown and Pike—that were without saloons. There was not a city, however, without a saloon. Rensselaer, Rising Sun and Union City, with four each, had the smallest number. Indianapolis, Terre Haute, South Bend and other large cities show a considerable increase in the number of saloons over the preceding year. Evansville and Fort Wayne are the only cities near the first class where the number of saloons is smaller. In East Chicago, Clinton and other small cities the increase in the number of saloons amounted to from forty to fifty per cent. The increase in Perry, Sullivan, Vermillion, Steuben and Hancock counties ranged from 100 to over 200 per cent. The figures furnish an interesting study for the reform element which, led by Governor Hanly, is trying to drive out the saloons. In Attica, Martinsville, Montpelier, Bedford, Jeffersonville, Logansport, Muncie, New Albany, Columbia City, Columbus, Covington, Veedersburg, Decatur and Frankfort a number of saloons were wiped out, but not enough to prevent the total being larger than before. It is very likely, however, that the number will be decreased this year, as the reformers are preparing to take advantage of the Moore law enacted during the recent legislature, giving them power to remonstrate against all applicants of a ward or township at the same time. In several cities these blanket remonstrances have been presented, and in many others the reformers are hard at work on them.

Attorney General Charles W. Miller is not ready to announce whether or not he will be a candidate for governor. He will wait until after the state campaign next year before making a public statement. He believes two years are sufficient to give to the race and that it is inadvisable to enter at this time. Unless the unexpected happens the attorney general will be a candidate. The gubernatorial bee stung him pretty hard toward the close of the campaign last year. Some of the unsuccessful candidates for the senate who were very anxious to get Miller into the race in hopes of breaking up the supporters of Senator Hemenway and his supporters firmly believe that before Miller withdrew from the race he was promised the support of the Hemenway men for governor. If such is the case there is not much doubt that he will be the most formidable candidate in the field, as he is said to be the favorite of the Beveridge men.

**Maccabees Sued on Policy.**  
Goshen, Ind., May 12.—Declaring her husband did not commit suicide as alleged, Mrs. Eliza Bingham has filed suit against Supreme Tent of the Maccabees to collect \$10,000 life insurance. Bingham was found dead in a hotel room in Chicago with a bullet hole in his head. Near by was a revolver which he had taken to bed with him. The lodge claims suicide, but Mrs. Bingham claims death was accidental.

**Had a Cigarette Paper.**  
Marion, Ind., May 12.—John McCormick was fined \$37 by City Judge Wilsons for having one cigarette paper in his possession, and being unable to pay the fine, was remanded to jail for forty-seven weeks. McCormick was first arrested for vagrancy, but when searched the single cigarette paper was found and a charge under the anti-cigarette law was then filed.

## THE KNOWN DEAD MUCH MIXED UP

In the Harrisburg Wreck  
and Explosion Number  
Twenty.

## MANY WERE INJURED

In This Latter List There Were No  
Fewer Than a Hundred, a Num-  
ber of Whom Will Die.

That Mortality List Was Not Greater  
Is Remarkable Considering  
the Circumstances.

Harrisburg, Pa., May 12.—Twenty persons are known to be dead and more than 100 others were injured in the train wreck and dynamite explosion which occurred yesterday on the Pennsylvania railroad in the southern part of this city. That not more persons were killed is considered remarkable by the Pennsylvania officials, as a full boxcar of dynamite exploded directly at the middle of the heavy express train.

The following is a list of the dead: V. L. Crabbe, Pittsburg; George Zeigler, Pittsburg; Jas. R. Phillips, Pittsburg; Paul Bright, Pittsburg; Mr. Shaw, Pittsburg; J. L. Silverman, Philadelphia; Mrs. Robert J. Dougherty, Philadelphia; H. K. Thomas, Parsburg, Pa., engineer of express train; C. Kuhlman, Altoona, Pa.; Norma Martina, seven months old; nine unidentified bodies.

The train carried a number of prominent persons and most of them escaped with only slight injuries. Among those on the train were Mr. and Mrs. James R. Tindell of Pittsburg, the latter the daughter of United States Senator Knox, Mrs. A. J. Barr, wife of the proprietor of the Pittsburg Post, and her two daughters; Victor L. Crabbe, son-in-law of Robert Pitcairn of Pittsburg, assistant to President A. J. Cassett of the Pennsylvania railroad, and Samuel S. Shubert, one of the prominent theatrical managers of New York. Mr. Crabbe died in the Harrisburg hospital a few minutes after his father-in-law reached his bedside. Mr. Shubert was reported to be badly injured, but the others were only slightly hurt. The wrecked train was the second section of the Cleveland and Cincinnati express. It consisted of a combination baggage and smoking car, one day coach and six sleepers. There were various stories of how the wreck occurred, but the official version is as follows:

The engine on an eastbound freight train was flagged by the crew of a shifting engine ahead on the same track. The engineer quickly put on his air-brakes and the train, an unusually long one, came to a sudden halt. The strain on the air-valves was a severe one and a connecting air-hose in the middle of the train blew out. This caused the middle of the train to "buckle" and the damaged cars fell over on the passenger tracks.

Just as this happened the Cleveland express came thundering up and "sidewiped" the wreck. The express was stopped within its own length and the third sleeper was opposite the wrecked cars. Before anyone could leave the passenger train, which was not very badly damaged, a few slight explosions occurred, and then there was one great flash and roar that shook the earth. The whole affair occurred within a period of a few seconds.

A scene of horror followed the explosion of the dynamite. The passenger cars and some of the freight cars instantly took fire. As the reverberation of the terrific explosion died away the agonized cries of the injured could be heard. Men and women came tumbling and climbing from the car windows and crawled from under the wreckage. No one for the moment seemed to know what to do, and many of the passengers, momentarily seized with terror, ran wildly about the fields on the north side of the railroad or waded into the shallow waters of the river which parallels the railroad on the south. Realizing their safety and the danger still threatening others, the frightened passengers soon began the rescue of the living. As they approached the wreck another explosion occurred which sent them scurrying away. Fearing that the entire freight train might be loaded with dynamite, no one dared go near the wreck. Finally the railroad men who knew the contents of the burning freight train, led the way and the injured passengers followed.

The work of rescue was at first slow and it seemed as though the flames would envelop the entire express train before those who were pinned beneath the heavy wreckage could be freed. From everywhere there came cries for help, and the frantic rescuers worked with willing hands. Scores of those who were trapped in their sleeping berths or pinned under wreckage were taken out and laid in the field badly hurt.

The rapid advance of the fire drove the rescuers back as they were about to take others from the wreck, and unfortunately, men and women, were soon enveloped in flames. The cries of the dying were heartrending, but nothing could be done for them. An alarm of fire was sent in, but when the firemen reached the scene the flames had done their work. The entire train was consumed by fire.

Doubtful Legal Status of  
Fowlerton's Town  
Officers.

## AFFAIRS ARE TANGLED

Resignation, Removals and Other  
Complications Bring About  
a Pretty State of Things.

Townpeople Are Now Wondering If  
There Is Really a Town  
Organization.

Fowlerton, Ind., May 12.—There is a peculiar state of affairs here at present. The town was incorporated with three trustees, a clerk-treasurer and a marshal. One of the trustees has moved to Kansas, one to his farm in the country, the marshal to Upland, while the clerk-treasurer intends to remove to Gas City. This will leave Fowlerton with but one of the originally elected officers. For some time no meetings of the town board were held, but after the governor's recent order for law enforcement the resident member of the board, with the one living in the country, met and appointed a marshal. The new marshal notified the saloon keepers that the Nicholson law must be respected. These orders were obeyed. A movement is now under way to stop baseball, and against this there is a protest.

Meanwhile the recently appointed marshal resigned, and at the last meeting of what remains of the town board another marshal was appointed. Still another man has been appointed trustee, while a federal officer is seeking to be named as clerk. The legality of these appointments is questioned, and people are wanting to know if there is really a town organization. It is likely that an effort will be made to dump the entire affair.

## GIRLS IN JAIL

Co-Eds at State University Victims of  
a Dubious "Joke."

Bloomington, Ind., May 12.—Sheriff Hough and four deputies, looking from behind big revolvers, broke up the dance of the Jawbones, an Indiana University fraternity. Some of the co-eds were rendered nearly frantic and begged the officers to allow them to go. The sheriff and his deputies were heartless, however, and marched the dancers to the county jail, where they were locked up.

The cause of the interference was reckless shooting by the Jawbone brothers. They came to the dance dressed as cowboys—in buckskins and with plenty of sidearms. The girls, too, were in the spirit of the dance, and they were dressed in Western fashion. At the suggestion of the boys they helped to make some noise to make the occasion seem more realistic, never thinking of the police.

The sheriff said he was willing to let the prisoners go if they would furnish bondsmen. This was done and Mayor Claude Malott and others who happened to be near signed the bond after the girls had affixed their signatures with trembling hands. Just as the bond had been completed a colored chef walked into the jail door and announced that luncheon would be served on the third floor. It was then that the girls realized that they had been the victims of a joke.

Now the joke may take on a serious air. The sheriff was censured by some of the parents for his action, and it is rumored that suit may be brought against him.

## Ir. Flourishing Condition.

Indianapolis, May 12.—Reports of Grand Recorder Prather and Grand Treasurer Hutchinson of the Indiana grand commandery, Knights Templar, show a gain of 412 members the last year, the greatest increase in the history of the state. The total accessions were 620; the reductions, 208. To the forty-seven chartered commanderies in the state, with an aggregate membership of 5,116, two commanderies were added yesterday by grant of the charter to Rushville and Goshen. The balance in the treasury was reported at \$8,329.42. The receipts for the year, with the balance, were \$14,698.87; the disbursements, \$6,386.45.

## Justifiable Homicide.

Vincennes, Ind., May 12.—Coroner Buley has returned a verdict of "perfectly justifiable homicide" in the killing of Ellis Phillips by Constable J. W. Hart at Oaktown last Saturday. It is understood that a gang of fourteen men who had been arrested by Hart for various misdemeanors had planned to "shoot up" the town that night, but when Phillips, one of their number, "got his" in the afternoon they abandoned their plans and the leaders confessed and begged forgiveness.

## Welker Now in Jail.

Fort Wayne, Ind., May 12.—The police superintendent served a warrant on John Welker charging him with willfully killing his sweetheart, Minnie Melching, and soon after the sheriff called to remove him from the hospital to the jail. He made no comment when the warrant was read, and, although it was the first official knowledge of the death of Miss Melching, it is believed that he had already surmised the fact.

# A STATEMENT We're Proud to Make

**1000** retail druggists who are the leaders of the drug trade of the United States, and that means the world, and who are rated by Bradstreet and Dun at \$20,000,000 and whose retail business aggregates over \$70,000,000 annual sales, have agreed to give their name, financial backing and endorsement to the guarantee that Rexall Mucu-Tone will cure any disease or trouble arising from Catarrh or they will refund the money.

We are proud of our connection with the Rexall Remedies, particularly so of Mucu-Tone.

Why? Because a remedy must be something out of the ordinary that will get our backing. It's not all profit that leads us and our 1,000 associates into endorsing this remedy. It is our years of experience with medicines and our knowledge of them that teaches us that

## REXALL MUCU-TONE

is a bona-fide discovery for the cure of all ailments due to Catarrhal affections. We know that it is not a cure-all, but a remedy built on scientific lines—not a patent medicine—each one of the 1,000 druggists knows its formula and its value. It has one great additional value besides curing constitutional Catarrh—that is as a system builder. No such tonic was ever before designed for the curing of inflammation of the mucous membrane—nor can it be improved on in the present age.

Just stop and reason with yourself for one minute—we are doing business right here in your midst—could we afford to offer our name and endorsement to Mucu-Tone as we do if we did not know that it is an honest medicine? Can we afford to agree—as we hereby do—that we will refund you every penny you pay us for the medicine if it does not benefit you?

All we ask is your word and the empty bottle and we'll give you money back. No signed certificate. We believe the public, especially the sick, are honest—and we hope that they believe we are honest also. If they do, certainly every sick person who suffers from any of the following ailments should take advantage of our offer to-day.

Rexall Mucu-Tone cures:

### CATARRH OF THE NOSE

**Symptoms:**—Chilliness, lassitude, feverishness and a tight sensation and fullness in the head, obstructing the nasal passages. At first there is a watery discharge, but later this becomes thick, yellow and tenacious, constantly dripping into the throat. If neglected ulceration and decay of the cartilage and bones occur, often perforating the palate. Headache, foul breath, weak and watery eyes, inability to think connectedly, and loss of memory are further symptoms.

### CATARRH OF THE THROAT

**Symptoms:**—First, an irritation and sensation of heat and dryness, with a constant hawking; later, copious expectoration of phlegm, throat sore, breathing difficult, and voice affected.

### CATARRH OF THE STOMACH

**Symptoms:**—Sufferer is weak, dizzy, emaciated, hollow-cheeked, dull-eyed, restless and nervous; his sleep is troubled, he has bad dreams; is despondent and fearful of impending calamity; has dull, grinding or sharp shooting pains in side or stomach; suffers nausea after eating, is short of breath, and has a hot, bitter fluid rising in throat.

### CATARRH OF THE INTESTINES

**Symptoms:**—Constant dull, grinding pain in the bowels and a weakening diarrhea, consisting largely of watery excretions with floating strips of detached bowel membrane, which later develops into bloody flux. Emaciation, inability to extract nourishment from food, nervousness and sleeplessness.

### CATARRH OF THE LIVER AND KIDNEYS

**Symptoms:**—Skin drawn and yellow. Sight blurred with black specks floating on field of vision. Sufferer feels weak and dizzy. Rising suddenly after stooping causes everything to turn dark. A dull pain in the small of the back which gradually uses up all vitality, leaving the victim trembling and exhausted. Also a constant desire to urinate.

### CATARRH OF THE BLADDER

**Symptoms:**—Sharp pains in the lower abdomen and a loss of control of the urine. Constant desire to urinate, with intense pain as water touches the sore membranes. As a result, the victim is continually straining and is soon brought to a state of nervous collapse. Face drawn and pallid, eyes dull, palms of hands and feet damp and clammy.

### PELVIC CATARRH

**Symptoms:**—A constant leucorrhea, exhausting and often offensive, accompanied by dragging pain in the back and hips, lower abdomen and thighs. Stomach disturbances and skin eruptions, sick headache and dizziness. Trouble is accompanied by female irregularities, constipation and a disordered stomach.

### BROKEN-DOWN SYSTEM

**Symptoms:**—The symptoms preceding physical and mental collapse are loss of weight and strength, pallor, palpitation of the heart, shortness of breath, nervousness, despondency and unrestfulness; lassitude and dullness; lack of energy and inability to concentrate powers; irregular appetite and bowels; dyspepsia and headache.

You may not believe what is printed above, but we do, and if you buy Rexall Mucu-Tone or any other Rexall Remedy and find we are wrong we will give you back your money as cheerfully as we took it. If you know of any better way for us to show our endorsement of Rexall Remedies, tell us, and we'll gladly adopt it.

The Ladies Aid Society of the M. E. church will give a festival on next Thursday evening. All are invited to attend.

### An Incident of the Strike.

Chicago, May 12.—John Bernard, a union teamster, was shot in the hand and thigh last night by a colored man employed as driver at the store where Bernard was employed before the strike. Since the commencement of the trouble Bernard has been a picket around the place, and when several of the negroes who now drive wagons for the department store met Bernard and some of his friends last night, they offered to fight them. The invitation was declined and one of the colored men drew a revolver and fired at Bernard. He was taken to the hospital where his condition is said to be serious. His assailant escaped.

### No Respect for Law.

Chicago, May 12.—Five business agents of labor unions have been declared guilty by Judge Chytrous of forming a conspiracy to drive John M. Stiles, a contractor and painter, out of business. In the same decision officers and members of six labor unions defendants in the case, are restrained from interfering with Stiles or his business in any way. In his written opinion Judge Chytrous declared: "Lawless unionizing cannot be permitted, and these men are shown to be without love or respect for law, and without regard for the legal rights of others."

## RAILROAD NOTES

The work of relaying the C., H. & D. track between Hamilton and Toledo, with eighty-five-pound rails, will be in the latter part of this month. The work will be rushed so that more than a mile of track can be completed in a day, and in this way the entire distance between the two cities may be worked by fall.

Conditions have been so favorable that the Big Four, although most of its through trains are fast scheduled, is making the time with but little trouble. In fact, not for weeks past has there been a late train except for ailing on connections, and then the rains have reached their terminal or time. The high speed engines of the Atlantic type that the company uses on its fast trains often make up one or two hours between Cleveland and St. Louis, and an hour between Cincinnati and Chicago.

## BY THE WAYSIDE

A North Morgan street family moved on May 1 from an old fashioned house into one with modern improvements. In the new house there is a winging door between the dining room and kitchen. It was a new thing to the servant, who had been with the family for more than twenty years. On moving day it didn't bother her, as it was braced open toward the dining room. When she came down the next morning she was obliged to pass through the dining room to get to the kitchen. She felt for the handle of the door. Then, not finding any, she pried it toward her with a knife and passed through. She knows better now.

### Brisk Skirmish Reported.

Tokio, May 12.—The following telegram from army headquarters in Manchuria has been officially given out: "On the morning of May 9 the enemy, consisting of two regiments of infantry, five squadrons of cavalry and one battery of artillery, made an attack in the vicinity of Yingcheng from the direction of Jianshanhengtsu, which is fifteen miles east of Yingcheng. At 2 o'clock in the afternoon the enemy made a resolute attack. Under cover of the artillery the infantry advanced to within 100 meters of our line, whereupon our garrison assumed the offensive, attacked and dispersed the enemy. The enemy left sixty killed and 160 wounded on the field. Besides these, soldiers dressed in Chinese clothing carried away many killed and wounded. The enemy's losses are estimated at 300. Our casualties were one killed and fifty wounded."

In one day last Sunday 12,039 immigrants landed in New York, coming over in ten trans-Atlantic liners. Enough people to populate a good-sized town.

Rainmakers are operating in southern California. If their process can be reversed so as to stop an excessive supply they may get an engagement in this part of the country.

A botanical wizard has originated a potato that grows its crop above ground. That may be an improvement, but a device to grow the potato bug 10 feet under ground would be more appreciated.

T. T. Craig, who recently held the position of Science teacher in the high school, received a flattering offer of the superintendency of the Cedarville, O., city schools, but declined it as he wishes to remain in the life insurance business.

Considerable damage has been done to telephone and telegraph wires in this county by the heavy rains and wind storms that have prevailed for the past few days and a force of men are now out on almost every road making the necessary repairs.

Brookville American: In the political column of the Indianapolis News of a few days ago, Dr. Metcalf, of Andersonville, is quoted as saying that he intended to be a candidate for representative from Franklin county. He says he stepped aside for Mr. Barkley last year and thinks he is entitled to the nomination this time.

S. E. Jordan and M. R. Hurst, prominent citizens of Wayne county have leased 250 acres of land in Dalton township, and will begin drilling for oil at once. Several prospectors have worked that part of the county and although they have never found oil, others believe there is oil there. These two men are going to drill until they find out.

Western Horseman: The Hon. J. A. Quay, the prominent trotting horse breeder of Morganza, Pa., has embarked for his new post of duty, the American consulate, Florence, Italy, and to that address Western Horseman will continue to make him regularly weekly visits. Mr. Quay has several nominations in the Western Horseman stake for foals of 1904.

The Knightstown Banner says: "The merchants of Churubusco have entered into a compact not to buy produce from farmers who get their merchandise through the mail order houses in Chicago. Good for Churubusco! It takes sand to arrive at such an agreement, but it seems the merchants of that town have it. Now, why don't the merchants of this town go Churubusco one better by refusing to buy produce of farmers who patronize the Dayton grocery houses?"

Those who have been in the habit of burning gas (spare the thought) without paying for it or tapping a main without the knowledge of the company owning it, will have to be careful hereafter as they are liable to a penitentiary sentence. The higher courts have decided that gas is a commercial commodity and that to take it is just the same as stealing cord wood, corn, limburger cheese, etc., from your neighbor's premises. The courts, however, fail so far as to place the responsibility for those who pay for gas but don't get it. Are the companies liable for securing money under false pretenses in a case of this kind?—Ex.
